

Blackfalds Valley Ridge Playground - 2018

A. Nu-Edge X Tower
We've taken the urban, edgy promise of our popular NU-edge structures to the next level with a 3 story tower and the longest tube slide in the industry.

B. Bulldozer Kid Rider
The little ones will enjoy pretending to work on this cute Bulldozer kid rider. This element also adds a nice touch to a construction themed playground.

C. Diamond Climb
Internal ropes provide challenging and varied climbing paths to get from deck to deck on the Nu-edge Tower structure.

D. Jack Hammer
This swirly stick can entertain three energy packed kids all at once. Bouncing & moving together kids will experience teamwork & fitness that is fun and easy.

E. Playhouse
This inclusive playhouse allows kids to use their imaginations with all of the different play panels to use.

F. Inclined Crawl Tunnel
Fun tunnel helps kids to climb higher or lower.
