Utility Permit #: _____

Application Date: _____

Instructions:

A Utility Work Permit is required for all utility developments that are not part of an approved Development Agreement or Development Permit, or when a utility development will impact Town of Blackfalds properties and/or infrastructure including but not limited to:

- Connection of new developments to existing Town infrastructure
• Roadway ROW
• Utilities (water, sewer, storm)
• Landscaping
• Sidewalks
• Buildings

*A Utility Permit is not required for connection of private utility services (i.e. residential, commercial, industrial, as applicable) on private property to pre-installed utility connections originally installed as part of a Development Agreement or Development Permit

TERMS AND CONDITIONS

- (a) General statement about conditions:
 1. The Development Authority may include any condition necessary to satisfy a Land Use Bylaw provision, a Town Plan, Area Structure Plan, Conceptual Scheme, Master Site Development Plan policy and/or Town Servicing Standard.
 2. The Development Authority may impose any condition to meet a requirement of the Municipal Government Act (MGA) or Subdivision and Development Regulation.
 3. As a condition of development approval, the Development Authority may include the requirement to create or update technical reports, drawings and the like, submitted with the application. The application is not considered complete until all sufficient documents are received and approved by the Development Authority.
 4. The Development Authority may impose relevant requirements for the payment of levies associated with Bylaws for recreation, transportation, wastewater, water supply and stormwater:
 - i. Such other Bylaws as may be in force or come into force and be applicable to development or activities on or services provided to the subject land from time to time.
 5. The Development Authority may determine any oversizing requirements for services and infrastructure required to be constructed as part of the proposed development. The Town will determine Letter of Credit arrangements through preparation and execution of documents prior to endorsement of a plan of survey for registration, if applicable.
 6. *Technical Reports* are defined as any report or any information regarding a matter identified in the Municipal Government Act (MGA), Subdivisions and Development Regulations, Statutory Plan, Town Policy, Servicing Standards or Bylaw.
- (a) General statement about technical reports:
 - i. Additional technical reports may be required after the time of application, based upon the ongoing assessment of the application.
- 7. All costs of development are borne by the landowner / applicant including, but not limited to, all on and off site construction works, infrastructure development, securities, levies, contributions, additional fees associated with the preparation and review of reports and technical assessments, endorsement fees imposed by the Town, registration fees and such other costs as may be associated with the development of the land. Further, that it is the landowner / applicant responsibility to identify and consider all costs of development.
- 8. The applicant/landowner acknowledge that not providing the information required in this form or failing to provide accurate information may prejudice the assessment of the application.
- 9. The applicant/landowner acknowledge that the Town including individual staff members have not provided an advisory role with respect to the preparation and making of this application and that the decision to make the application is entirely that of the applicant and landowner.
- 10. It should be noted that while every effort is made to ensure the applicants are provided with clear information regarding the requirement for application, that over the course of the application assessment process, particularly following a full technical review and also following submissions from agencies, additional technical information may be required. In addition to the requirement for further technical information, further justification regarding the merits of a development proposal may also be required.
- 11. Issuance of a permit and the examination of any plans and specifications shall not be construed to be authority to violate any of the provisions of any pursuant regulations.
- 12. A Letter of Credit (LOC) may be required for the amount equal to the cost of the project and at the discretion of the Development Authority.

STANDARD UTILITY CONDITIONS

1. Proceed as per the attached plans and approved Traffic Accommodation Strategy (TAS);
2. The scope of the work shall proceed as per the approved plans. The applicant shall provide any revised Stamped construction drawings clearly indicating all changes at least one (1) week in advance of construction;
3. Any changes to approved construction schedules shall be provided to the Town of Blackfalds for review and approval at least one (1) week in advance;
4. All infrastructure installed under this permit must remain within the shallow Utility Right of Way (URW);
5. The applicant shall ensure the proposed surface infrastructure be placed in a location that does not conflict with future landscaping plans, pedestrian or vehicular access;
6. Surface infrastructure must have clearly visible safety barriers installed to prevent damage;
7. The applicant shall ensure that all necessary third-party crossing, encroachment, access, and/or proximity agreements are in place prior to ground disturbance;
8. The applicant shall ensure that the proposed infrastructure (including surface and subsurface) maintain a minimum 3.0 m minimum separation from all Town of Blackfalds underground services;
9. It is the responsibility of the applicant to minimize any damage to surface pavement, curbs, gutters, boulevards and landscaped areas and repair or replace the same;
10. The applicant shall ensure that any damages, sidewalk settlement or major cracking to existing infrastructure be remedied and at the cost of the applicant;
11. The applicant is required to clear all dirt and debris along roadways resulting from construction;
